A unique Day Spa in the venetian area, with a green soul, characterized by a modern and minimalist design where you can regenerate and relax yourself, experiencing the luxury of the exclusive Comfort zone wellness rituals. Due to its uniqueness and strategic location, just few minutes from the main motorway junctions, with a underground parking, The Garden Space Wellness & Events is a reference point for wellness lovers in the entire area of Venice and its province. The complex is also completed with the Hilton Garden Inn Venice Mestre hotel, both of the same property, easily reachable via the “green” path next to the hotel swimming pool.
